Order Instituting Rulemaking to Examine the  
Commission's Future Energy Efficiency Policies,  
Administration and Programs.

Rulemaking 01-08-028  
(Filed August 23, 2001)

**ADMINISTRATIVE LAW JUDGE'S RULING GRANTING THE REQUEST  
OF THE SAN DIEGO REGIONAL ENERGY OFFICE TO TRANSFER FUNDING  
BETWEEN 2002-2003 ENERGY EFFICIENCY PROGRAMS**

This ruling grants the motion of the San Diego Regional Energy Office (SDREO) to transfer \$11,000 of uncommitted energy efficiency funds from its Green Schools Program to the B.E.S.T. Program. SDREO states that all of the six SDREO energy efficiency programs funded for the 2002-03 program period met program goals under budget. The B.E.S.T. Program would not need the additional funds except that the Commission approved a program to support victims of the San Diego fires in December 2003, titled "Rebuild a Green San Diego Program," which used funds originally allocated to other SDREO energy efficiency programs. The transfer SDREO requests would not affect the delivery of any program elements since the programs have been completed. No party objects to SDREO's motion. Energy Division staff reviewed SDREO's request and agrees that this fund transfer would not have a negative impact on program results, and would be a prudent use of the leftover funds.

This ruling grants SDREO's request to transfer \$11,000 of its 2002-03 energy efficiency budget to its 2002-03 B.E.S.T. Program.

**IT IS RULED** that the motion of San Diego Regional Energy Office, dated July 23, 2004, to transfer \$11,000 from its 2002-03 K-12 Green Schools Program to its 2002-03 B.E.S.T. Program is granted.

Dated August 16, 2004, at San Francisco, California.
